Taught full-stack web development with React.js and Express.js, covering concepts such as front-end UI design, state management, server-side API development, and database integration. Emphasized hands-on learning through practical exercises and projects, enabling students to build real-world applications.

## ABOUT ME

Hello, my name is Tomas, and if there's anything I hate more than self-praise, it's falling into clichéd or overused phrases. However, just because something is overused doesn't mean it's not true. Therefore, it's with some reluctance that if I had to choose one word to describe myself, it would be "passionate."

Passion and the desire to give my best cover all aspects of my life, from the simplest tasks, such as changing a light bulb or assembling a shelf, to

## SKILLS

HTML, CSS, JavaScript,  
TypeScript, Java, Python

React js, React Native, Ionic,  
Angular

Node js, Nest js, Express js,  
Spring Boot

SQL, MongoDB

Google Cloud Platform

Git, Github, Gitlab

Scrum

## LANGUAGES

Spanish

English

German

more complex tasks such as those relate to technology. I am an agile and versatile coder whose passion is constantly fueled by the very nature of the discipline: there is always something new to learn, the challenges never stop, and the work itself constantly motivates me to want to improve.

## EDUCATION

### **National Technological University (UTN), Córdoba**
